

## WILL LEAVE FOR LOS ANGELES

**Mr. Will Curry, of The Curry Dry Goods Store, to Engage in Real Estate Business.**

Mr. Will Curry, of The Curry Dry Goods Store, will sever his connection with that store and will leave on February 1 for Los Angeles, Cal., where he will engage in the real estate business.

Mr. Curry has lived here all of his life. He is a son of the late W. W. Curry, and a gentleman of the highest class. As a business man he has been exceedingly successful, and owes his prosperity to his clean and upright business methods. He possesses a genial disposition and attractive personality, which have made him extremely popular with the many patrons of the Curry Store.

Winchester has no more exemplary citizen than Mr. Curry, and it is with regret that his friends learn of his contemplated departure.

## DR. D. J. WILLIAMS BITTEN BY DOG

**Was Attacked Tuesday While Making a Professional Call at Shearer By Vicious Animal.**

Dr. D. J. Williams was attacked Tuesday while making a professional call at Shearer, and was badly bitten twice by a vicious dog.

The animal was not mad, and Dr. Williams' many friends hope for his speedy recovery.

A son of Dr. Williams, D. J. Jr., was bitten by a dog a few days ago near the Ford Graded School.

## DEATH OF MRS. METTIE GOOCH

**Mother of Mrs. W. E. Singleton Passes Away at Her Home in Woodford County.**

Word was received here Thursday morning of the death of Mrs. Mettie Gooch, of Woodford county, who had been quite ill for some time.

She was the mother of Mrs. W. E. Singleton, of this city. Her other children are: Warren and Theodore Gooch, who lived with her, Momi Gooch, of Keene; Logan Gooch, and Mrs. Elizabeth Smith, of near Fort Garrett.

Mrs. Gooch was a lovely Christian character. She was tenderly loved by hosts of friends, who extend the tenderest sympathy to Mrs. Singleton, in this sad hour of bereavement, and to all other relatives.

The funeral will take place at the residence on Friday at 2:30 o'clock.

### COURT OF APPEALS

Action was taken in the Kentucky Court of Appeals on Clark county cases, as follows:

City of Winchester vs. Winchester Water Works Company; appellant filed supplemental brief.

White vs. Jonett, Clark; appellant moves for time until calling of case on docket to print and file brief, motion submitted, and by consent sustained, appellant given to January 5 and appellee to 15th to file brief and appellee is permitted to withdraw brief heretofore filed and file printed copies in lieu thereof. Appellant filed grounds and moves the court for oral argument, motion submitted.

### FINED FOR SPEEDING

Bob Lilly, of Lexington, was fined \$14.00 in Police Court Wednesday night for exceeding the speed limit.

## DELIGHTFUL PLAY TO BE SEEN HERE

To see Happy Jack is to laugh and his new vehicle, "The Girl and The Tramp," as produced Saturday night, at the Winchester Opera House gives him plenty of opportunity to create that mirthful sensation without drawing too much on his personality. The audiences that fill the theatre enjoy an entire evening of fun, and when the curtain finally descends on the finish, everyone seems glad to have been there to witness Mr. James Green undoubted success in the role of Happy Jack, the tramp, who, with the assistance of the adopted girl Flo Randall, rescues the home and happiness from the clutches of the scoundrel, Philip Redman.

Special mention might be made of each member of the excellent cast brought together to portray the different characters of this production.

From the time Happy Jack makes his appearance in the yard of the Merton home singing, "Any Old Place I Hang My Hat is Home, Sweet Home to Me," to his declaration in the last act, that he intends to be more than casual acquaintance to Flo Randall and to the Merton family, there is a continual flow of bright speeches and amusing situations, and there is not a dull moment during the whole evening's performance.

## MRS. DEATHERAGE TO UNDERGO OPERATION

**At Norton Infirmary, Louisville.—Many Friends Anxiously Await The Outcome.**

Mrs. Mollie Deatherage, of Dudley street, was taken Wednesday to the Norton Infirmary, Louisville, for a very serious operation. She was accompanied by Mrs. Lula Mansfield. The operation will probably be performed on Friday, and the many friends of Mrs. Deatherage anxiously await the outcome.

## RICH WOMAN WEDS CHAUFFEUR

**Husband is But Half His Wife's Age, and Was Formerly Her Private Secretary.**

South, Bend, Ind., Jan. 4.—Mrs. Mabel M. Treanor, who, after one of the hardest fought battles in the legal history of St. Joseph county succeeded in having set aside the will of her mother, Mrs. Samuel Good, and thereby gaining possession of a million-dollar estate, was married in Chicago Wednesday to her chauffeur Harry Alfred Wood.

The ceremony was performed by Rev. M. J. Fitzsimmons and witnessed by Mrs. Treanor's two sons, who then returned to a military school at Lima, Ind. Mr. and Mrs. Wood have departed for California.

Wood is but half his wife's age, and was a chauffeur and secretary to her following her first husband's death. Treanor died here two years ago.

### PITIFUL CASE

Louisville, Ky., Jan. 4.—While visiting at the home of Mrs. A. L. Lampton, a friend, John Smith, 76 years old, and blind, was stricken with vertigo. His aged wife saw him stagger and sought to prevent his falling. Her efforts resulted in torn ligaments in both arms. Both man and wife were rendered unconscious. At the City Hospital Wednesday night it was stated both would die.

## EDWARD HINES MAKES DENIAL

**Of the Charges on Which He is Being Tried by The Directorate of Union League Club.**

Chicago, Jan. 4.—Under a rigid cross-examination by his fellow-club members Edward Hines made complete denial Wednesday night the charges which he is being tried by the directorate of the Union League Club.

Mr. Hines appeared before the Directors when they convened as a tribunal shortly after 4 o'clock Wednesday afternoon, accompanied by his counsel, Marquis Eaton. One witness was heard prior to Hines taking the stand and voicing his denial of the charge that he solicited contributions in the parlors of the club to a \$100.00 slush fund alleged to have been used to elect William Lorimer, a Senator from Illinois.

The session of the Directors Wednesday afternoon and night was far from tranquil.

The disclosure to the members of the club that Mr. Hines is on trial stirred up factional feeling, with the result that at least two of the members of the tribunal showed by their questioning of witnesses that they viewed the defendant in a friendly way than their associates.

## LEGISLATURE HAS QUIT TILL MONDAY

**Harmon, Wilson and Speaker Clark Are Invited to Address General Assembly On Resolution.**

Frankfort, Ky., Jan. 4.—Both Houses of the General Assembly adjourned Wednesday until January 8, after transacting some routine business; adopting a resolution to invite Speaker Champ Clark, of the National House of Representatives; Gov. Judson Harmon, of Ohio, and Governor Woodrow Wilson, of New Jersey, to address the General Assembly and adopting resolutions providing for the employment of certain employees.

A gravel from the Home of Henry Clay was presented to Lieutenant Governor McDermott by Senator Herman D. Newcomb, of Louisville, who said the gift came from the students of the State University, with the hope that it would "fall on us on a good appropriation."

Governor McCrory sent to the Senate for confirmation, the names of Robert W. Brown, of the Louisville Times; Tibbis Carpenter, of Scottsville; ex-Lieutenant Governor W. H. Cox, of Maysville, and Claude B. Terrell, of Padford, who have been appointed trustees of the State University.

Senator Tom Combs' old Religion and Morals Committee had "done" and died. Senator Eaton announced Wednesday that it would be known hereafter as the Committee on County Unit and Regulation of Intoxicating Liquors. There will be no smothering of bills in Committee this session; that much is certain.

A proposition to dispose of the old Capitol came from Senator Arnett, of Jessamine Wednesday when he introduced a resolution providing for the appointment of a committee of three to look into the advisability of selling the old building.

### GRANTED DIVORCE

Paris, Jan. 4.—Mme. Lina Cavaleri was Wednesday granted a decree of divorce from Robert W. Chanler, of New York, the Court which has been hearing the suit thus undoing the last knot in the legal entanglement in which the American artist and sport-man became involved when he married the opera singer.

## SIXTY DOLLARS TO BE GIVEN AWAY

Sixty dollars will be given away at the Auditorium skating rink on Friday night, January 5.

Inquire for particulars at the Auditorium.

## HOG BREEDERS ASK LEGISLATURE'S AID

**Want an \$18,000 Appropriation For Serum To Be Used In Fighting Cholera.**

Lexington, Ky., Jan. 4.—A splendid crowd of hog breeders from all sections of Kentucky was present at the second day's meeting of Farmers' Week Wednesday, which was devoted to the Kentucky Swine Breeders' Association. One of the principal matters of interest was the adoption of a resolution asking the legislature for an appropriation of \$18,000 for the preparation and free distribution of anti-hog cholera serum and a committee composed of Messrs. Thomas J. Bigstaff, of Mt. Sterling; R. J. Hughes Spurr, of Lexington, and J. Lewis Letterle, of Harrods Creek, was selected to present the resolution to the General Assembly.

The principal address of the day was made by Dr. W. B. Niles, of Iowa State University, who spoke on "Hog Cholera" answering a number of questions that were asked by breeders about this dreaded disease.

Officers for 1912 Elected at night a banquet followed by the election of officers and at which a number of interesting speeches were made, was held. The following were selected to serve in 1912:

President—R. J. Hughes Spurr, of Lexington.  
Vice-President—J. E. Rouse, of Payne's Depot.  
Secretary and Treasurer—M. W. Neal, Louisville.

Mr. Neal is the only Secretary the Kentucky Swine Breeders' Association has ever had. The association was first formed about fifteen years ago but the organization was suspended, the present association being formed December 13, 1906, and this was its fourth successive meeting in Lexington.

**Hooper Welcomes Visitors**  
The meeting was called to order by the President, Mr. Jesse Chilton, of Campbellsburg. The address of welcome was delivered by Prof. J. J. Hooper and the response by Mr. T. J. Bigstaff, of Mt. Sterling. The address of welcome was to have been delivered by Dr. M. A. Seovell but he was unable to be in the city.

The enrollment of the members then followed after which the following program was carried out: "Forage Crop for Hogs"—F. McKee, Versailles.  
"Why a Tamworth."—W. Warren Russell, Mertonville.  
"How to Diagnose Hog Cholera."—Robert Graham, Kentucky Experiment Station.

"Report of Work Done by the Kentucky Experiment Station in Preparation and Distribution of Anti-Hog Cholera Serum."—Prof. E. S. Goode, of Experiment Station.

**Hog Vaccination Demonstrated**  
The resolution for the appropriation for the preparation and distribution of anti-hog cholera serum, was then taken up and adopted. Dr. Graham then gave a practical demonstration of the vaccination of hogs with anti-cholera serum. He took the audience to the basement of the Agricultural Building where a number of hogs were vaccinated so that the visitors might see just how the operation was performed.

Miss Bertha Lee Patton has gone to Baltimore to attend school and study voice culture.

## DEAD BODY OF KENTUCKY GIRL

**Is Found By Her Father in Bathtub At Her Washington Home.—Complaint Lodged.**

Washington, Jan. 4.—Following the death of Miss Margaret Shawhan, of Lexington, Ky., who died of carbon monoxide poison generated by a gas hot-water heater, Representatives Austin and Campbell, members of the House District Committee, lodged with President Taft Wednesday a complaint against the failure of the District Commissioners to inspect just such apparatus, which apparatus, it is declared, has caused several deaths in the same manner in recent years.

Miss Shawhan's body was found in a bathtub by her father, Joseph Shawhan, about 6 o'clock Tuesday afternoon.

Mr. Shawhan is Secretary to Robert Williams, Deputy Commissioner of Internal Revenue. He came here from Lexington, Ky., several years ago. He was an employee in the office of the Lexington Internal Revenue Collector, and was also private Secretary to Governor Bradley.

## UNDERWOOD WON'T DINE WITH BRYAN

**Finds Nebraskan is to Speak Last at Banquet and Declines to Attend Big Event.**

Washington, Jan. 4.—Democratic leader Oscar W. Underwood's decision not to attend the Jackson Day banquet here next Monday night, which became known Wednesday immediately after the announcement that the management committee had given to William Jennings Bryan, at his own request, the last place on the speaking program threw Democrats in Congress into a flurry.

Mr. Underwood declared he would not attend the banquet because of his present attack of threatened appendicitis. His physician, he said, had ordered him to attend no banquet and particularly to make no speeches, nor do anything requiring unusual exertion.

"I will not have any speech to be read at the dinner," added Mr. Underwood. "If I were there to make a speech, I would desire to deliver it myself."

**Much Discussion Aroused**  
Nevertheless, the forecasted absence of the majority of the House from a National Democratic affair at which other leaders of the party and men, who are mentioned as candidates for the presidential nomination are to speak, aroused discussion particularly with the so-called break between Bryan and Underwood.

**MME. CURIE ILL**  
Paris, France, Jan. 4.—Mme. Curie, famous scientist and discoverer of radium, who is suffering from an acute attack of appendicitis, spent a restless night at the hospital of the Sisters of St. Mary. Surgeons are preparing to operate on her.

Mme. Curie was before the public recently when she was named in the divorce petition of the wife of Prof. Longevin. Mme. Longevin was given a divorce and then dropped criminal proceedings she had instituted against her husband and Mme. Curie.

**ADVANCE AGENT HERE**  
Mr. Harry J. Spellman, representing "The Girl of the Mountains" Company was here Thursday.

The play will appear here on January 11, and is said to be a splendid production.

## CHURCH OF CHRIST

The meetings at the Church of Christ on Fairfax street, in charge of Eld. T. Q. Martin, continue with unabated interest.

The hours are 3 o'clock in the afternoon and 7:15 in the evening. The public is cordially invited to come.

## LEXINGTON POLICE FORCE SHAKEN UP

**Twelve Men, Alleged to Have Been Disloyal to Democratic Ticket Last Fall "Fired."**

Lexington, Ky., Jan. 4.—The Police and Fire Commission Wednesday night "shook up" the police force of Lexington when it let out twelve men and elected twelve others in their places. The action of the Commission had the support of Mayor J. E. Cassidy and is at least in part the result of the action of certain members of the department in working for the election of Henry T. Duncan, Jr., for Mayor at the recent election, though most of them deny such action. Cassidy was after the scalp of the whole bunch and he got them, and he served notice on them after the election he would.

Those in the list were Lieutenant Chas. Overly, Detectives J. C. Ford, Henry Baker, and John B. Ryan, and Patrolmen Edward Tineher, P. J. Garland, Mike Crawley, Bernard McCrystal, James Grant, William Mcaney, John Dineen and Robert Hale.

The new men appointed are Ernest Jacobs, John Hickey, W. R. English, William Thornton, John J. McCarthy, Charles A. Henry, John Cropper, James E. Doyle, Dan Devereaux, William Keefe, Peter Hannon, and Marion Delaney. Every mother's son of them was a good Democrat at the last election and did his best for the ticket.

Chief Jerry J. Reagan and the Police Department and Chief Malcolm Brown of the Detective Department, were re-appointed and Denny McCarthy was promoted from Captain to Night Chief, succeeding Pete Jenkins, who has been elected County Detective. James Egan was promoted from Patrolman to Captain and Newton Harkins was given Overly's job as Lieutenant.

The twelve new men are all "bushy guys," weighing from 168 to 255 pounds and most of them being over six feet tall.

The following were named as substitute patrolmen: Clinton A. Moore, 36 years old, height 6 feet, weight 168 pounds. Residence 228 West Sixth street. Single.

J. L. Wilcoxson, 53 years old, height 5 feet 10 inches, weight 210 pounds. Residence 332 Jefferson street. Married; two children.

Pollard McKinney and Watt Burk, who have been substitutes for some time past were continued on the substitute list.

No action was taken by the board in reference to the Fire Department at the meeting Wednesday, but it is generally understood that there will be another meeting in the near future which will have as far reaching effects as the session Wednesday afternoon.

While Mayor Cassidy has declined to give out any information in regard to his appointments a hot tip among the politicians Wednesday night was to the effect that Michael R. Fox, who has been clerk of the Police Court would be appointed Mayor's Clerk and that Judge Samuel M. Wilson would be the new City Solicitor.

Mr. Fox has long been a close friend of Mayor Cassidy and Judge Wilson's good work in the last campaign has endeared him to the hearts of the Democrats elected on the ticket in November as well as to the rank and file of the party.

## ADMIRAL EVANS DIES SUDDENLY

**Fighting Bob Evans After Illness of Two Hours at His Home at Washington.**

Washington, Jan. 4.—Rear Admiral Robley D. Evans, "Fighting Bob," died suddenly Wednesday at his home in this city. Acute indigestion ended the career of one of the most popular officers in the navy. He was ill less than two hours.

Admiral Evans, born 65 years ago in Floyd county, Va., arose Wednesday apparently in better health and spirits than he had enjoyed in some time. For years a sufferer from old wounds sustained in the Civil War and from recurring attacks of rheumatism, the aged fighter seemed to have shaken off the burden of his advancing years. He displayed high spirits at breakfast and ate a hearty luncheon at noon.

### Stricken in His Library

While in his library at 2 o'clock the Admiral was stricken. Instantly his family sent for Dr. S. S. Adams, who, on his arrival, found the patient in great pain. After treatment Admiral Evans fell into a restless sleep and it was thought that the danger had passed. Shortly after 6 o'clock, however, he awakened and raising himself with difficulty, announced that he was choking.

"I cannot get my breath," he said and sank back. At 4:45 o'clock he died, conscious to the end.

## THE RULES OF THE SENATE

News from Frankfort Tuesday  
told of the passing of the "Tom  
Combs rule" by which it took a two-  
thirds majority to relieve the Senate  
Committee of consideration of any  
measure it desired to strangle. The  
reports say that when Senator Her-  
man D. Newcomb introduced a resolu-  
tion providing that a majority of  
the Senate should control it was vig-  
orously applauded and adopted  
unanimously.

This is as it should be. Senator  
Combs and his "wet" colleagues in  
the last Senate were able, by working  
the two-thirds rule to retain their  
grip on the County Unit bill when a  
majority of the Senate, it was be-  
lieved, stood ready to pass it. Sen-  
ator Combs was left at home by his  
constituents when he came up for  
re-election and the action of the  
Senate Tuesday shows another  
change in public sentiment and that  
the politicians are learning to have  
the good sense to keep their ears to  
the ground.

It was also announced Tuesday  
from Frankfort that Senator Claude  
M. Thomas, of the Bourbon-Clark  
district, would have charge of the  
County Unit Bill in his branch of  
the Assembly this winter. This also  
is deserved recognition of his work  
two years ago when he fought Combs  
and his associates but failed to save  
the bill. Senator Thomas is a Dem-  
ocrat but he has proved one of the  
best representatives this district has  
had in the Senate in years. In his  
work for the betterment of the state  
he will have the good wishes of all  
good citizens, without regard to pol-  
itics.

Charles Duham, Lovington, Ill.,  
has succeeded in finding a positive  
cure for bed wetting. "My little boy  
wet the bed every night clear thro'  
on the floor. I tried several kinds  
of kidney medicine and I was in the  
drug store looking for something dif-  
ferent to help him when I heard of  
Foley's Kidney Pills. After he had  
taken them two days we could see a  
change and when he had taken two-  
thirds of a bottle he was cured. That  
is about six weeks ago and he has  
not wet in bed since."

## CHILDREN INJURED

Ordinary Cathartics and Pills and  
Harsh Physic Cause Distressing  
Complaints.

You cannot be over-careful in the  
selection of medicine for children.  
Only the very gentlest bowel medi-  
cine should ever be given, except in  
emergency cases. Ordinary pills  
cathartics and purgatives are apt to  
do more harm than good. They may  
cause griping, nausea and other dis-  
tressing after-effects that are fre-  
quently health-destroying.

We personally recommend and  
guarantee Rexall Orderlies as the  
safest and most dependable remedy  
which we know, for constipation and  
associate bowel disorders. We have  
such absolute faith in the virtues of  
this remedy that we sell it on our  
guarantee of money back in every in-  
stance where it fails to give entire  
satisfaction, and we urge all in need  
of such medicine to try it at our risk.

Rexall Orderlies are eaten just like  
candy, are particularly prompt and  
agreeable in action, may be taken at  
any time, day or night; do not cause  
diarrhoea, nausea, griping, excessive  
looseness, or other undesirable ef-  
fects. They have a very mild but  
positive action upon the organs with  
which they come in contact, appar-  
ently acting as a regulative tonic up-  
on the relaxed muscular coat of the  
bowel, thus overcoming weakness  
and aiding to restore the bowels to  
more vigorous and healthy activity.

Rexall Orderlies commonly com-  
pletely relieve constipation, except  
of course when of a surgical char-  
acter. They also tend to overcome  
the necessity of constantly taking  
laxatives to keep the bowels in nor-  
mal condition. Three sizes of pack-  
ages, 10 cents, 25 cents, and 50  
cents. Remember, you can obtain  
Rexall Remedies in Winchester only  
at our store—The Rexall Store  
Phillips Drug Store, 56 S. Main st.

## PNEUMONIA IN SWINE

Just at this season of the year,  
Kentucky is thickly scattered with a  
fatal disease in hogs. This disease  
in a majority of cases is hog cholera,  
but there have been many applica-  
tions for anti-hog cholera serum  
where, upon investigation, we have  
found it was not hog cholera but  
pneumonia. Pneumonia in swine is  
a very common disease, and during  
the winter months especially is very  
prevalent. And one should be able  
to distinguish between the primary  
inflammation in the lobes, lobules  
and connective tissues of the lungs—  
pneumonia—and hog cholera, which  
frequently shows a secondary pneu-  
monia in combination with lesions  
well indicative of hog cholera. A  
differential diagnosis of these two  
diseases in swine is not always pos-  
sible before death, and a post mor-  
tem is therefore necessary. It is true  
that in hog cholera pneumonia  
often exists, but always as a sec-  
ondary pneumonia; however, pneu-  
monia may occur alone as a primary in-  
fection.

In pneumonia congested areas are  
found in the lungs, sometimes of a  
bright red tinge but often of a dark  
grayish red. In some cases they are  
black with pockets of pus (Gangre-  
nae). This latter condition is  
found in secondary pneumonia, con-  
sequent upon cholera, as well as in  
primary pneumonia. Where cholera  
exists the lung hemorrhages are pre-  
sent also in the form of small pin  
point hemorrhages. Also in this  
case the cholera lesions are promi-  
nently developed in the alimentary  
tract. These points serve to dis-  
tinguish the two conditions, whether  
existing alone or simultaneously.  
When the two exist together the  
pneumonia is secondary and con-  
tracted after the cholera has lower-  
ed the vitality.

Pneumonia in swine passes through  
the same stages as other domestic  
animals and in man, accompanied by  
symptoms practically the same.  
Mechanical pneumonia is frequent in hogs and is  
caused by direct irritation, such as  
medicinal liquids in the nostrils, or  
drenches which lodge in the lung tis-  
sues; by dust and dirt constantly  
inhaled from dusty sleeping quar-  
ters; by external wounds or portions  
of fractured ribs penetrating the  
lung tissue; from housing in ill ven-  
tilated stables, necessitating the  
constant inhalation of foul air,  
which is insufficient in oxygen to  
nourish the body and results in pul-  
monary stagnation and congestion.  
The animals exhibit a chill, often  
passing unnoticed, followed by fever  
which is indicated by dullness and  
drowsiness; increased breathing and  
dry cough, with almost complete loss  
of appetite. The animal shows con-  
siderable pain when forced to move,  
and moving generally stimulates  
coughing and respiration. The  
cough is dry at first, and in cases  
of recovery gradually becomes soft-  
ter and easier. In fatal cases death  
is preceded by uneasiness, dullness,  
loss of appetite, persistent fever  
(temperature 104 degrees to 180 de-  
grees), increased pulse rate (as  
high as 150 per minute), and in-  
creased respiration. The duration  
of the disease is variable, but gen-  
erally lasts from 8 to 14 days.  
There is no disease which it is more  
important to prevent, as a diagnosis  
is not always made in time to avoid  
or check the disease when once  
started. Many cases in the early  
stages can be checked by the use of  
psom salts, 1 oz., and calomel 2-10  
gr. Aconite tinct. 4-15 m and ver-  
atrum viride fluid ext 20-30 gr. are  
good for their fever reducing prop-  
erty and their effect upon the vascu-  
lar system, and should be combined  
with stimulants and tonics, such as  
whisky, ginger, alcohol and brandy.  
Laudanum, 1-4 dr. should be given to  
keep aconite and veratrum from pro-  
ducing vomiting. In the convales-  
cent period ammonium carbonate,  
15-40 gr. or turpentine are used as  
expectorants.

The treatment for pneumonia  
should in the first place be preven-  
tion by removing the cause, which is  
frequently due to exposure and  
changeable climatic conditions.

During the early spring or late fall  
when hogs are improperly housed  
and sheltered, it is not uncommon  
for them to die from this trouble. It  
is sometimes contracted when they  
are allowed to lie around haystacks  
where they pile up, become heated  
and then are severely chilled, or  
when they are allowed to be out in a  
cold, drizzling rain. It occurs more  
frequently in the winter than in the  
summer; under sudden variations of  
temperature, especially if it is damp.  
It is sometimes the result of catarrh  
brought on by slight exposure to  
cold.

## MRS. JOHNSON DIES AT HOME IN SCOT

Sister-in-Law of One-Time Vice  
President of United States Passes  
Away.

Georgetown, Ky., Jan. 4.—Mrs.  
Irene Ely Johnson at nine o'clock  
Wednesday morning. She was the  
widow of Col. Lou Johnson and sis-  
ter-in-law of Richard M. Johnson,  
once Vice President of the United  
States. Though nearly sixty years  
of age, Mrs. Johnson retained her  
wonderful mentality and vitality to  
the last.

She was the daughter of "Uncle"  
George Ely, at one time one of the  
wealthiest and most influential plan-  
ters of the South, who owned a thou-  
sand or more acres of land in Missis-  
sippi, as well as in the heart of the  
Blue Grass country. As was the case  
with hundreds of other well-to-do  
Southerners, the war brought ruin to  
them.

## Died Where She Was Born

Mrs. Johnson died on the farm up-  
on which she was born, but not in  
the house, her present home having  
been built about fifty or sixty years  
ago, a stately old Colonial mansion.  
Two children mourn her loss: Mrs.  
Sallie Johnson Burgin, who conducts  
the Lexington Conservatory of Mu-  
sic, and a son, Mr. George Johnson,  
a well-known farmer, besides many  
other relatives, all of whom are  
prominent.

## Funeral Held Thursday

The funeral took place at the home  
near Duvall Station Thursday morn-  
ing at 10:30 o'clock and the body  
was laid to rest in the private burial  
grounds, where lie many of her an-  
cestry.

## THE DANGER OF LA GRIPPE

is its fatal tendency to pneumonia.  
To cure your la grippe coughs take  
Foley's Honey and Tar Compound.  
R. E. Fisher, Washington, Kas.,  
says: "I was troubled with a severe  
attack of la grippe and nothing I  
used did me any good and I was  
threatened with pneumonia. A  
friend advised me to use Foley's  
Honey and Tar Compound and I got  
some at once. I was relieved from  
the very first. By the time I had  
taken three bottles my la grippe was  
gone. I believe Foley's Honey and  
Tar Compound to be the best medi-  
cine I ever used and always keep a  
bottle with me."

# Danderine

Grows hair and we  
can prove it

Hair Becomes Soft, Fluffy, Lus-  
trous and Beautiful Immediately  
After a Danderine Hair Cleanse

Get a 25 Cent Bottle Now and  
Forever Stop Falling Hair, Itching  
Scalp and Dandruff

A little Danderine now will immediately double  
the beauty of your hair—No difference how dull,  
faded, brittle and scraggy, just moisten a cloth with  
Danderine and carefully draw it through your hair  
taking one small strand at a time. The effect is  
immediate and amazing—your hair will be light,  
fluffy and wavy and have an appearance of abun-  
dant; an incomparable lustre, softness and luxu-  
riance, the beauty and shimmer of true hair health.

Try as you will after an application of Danderine,  
you cannot find a single trace of dandruff or a loose  
or falling hair and your scalp will not itch, but  
what will please you most will be after a few week's  
use when you will actually see new hair, fine and  
downy at first—yes—but really new hair—sprouting  
all over the scalp.

Danderine is to the hair what fresh showers of rain  
and sunshine are to vegetation. It goes right to the  
roots, invigorates and strengthens them. Its life-  
producing properties cause the hair to grow abun-  
dantly long, strong and beautiful.

Get a 25 cent bottle of Knowlton's Danderine  
from any drug store or toilet counter and prove to  
yourself tonight—now—that your hair is as pretty  
and soft as any—that it has been neglected or injured  
by careless treatment—that's all—you surely can  
have beautiful hair and lots of it, if you will just  
try a little Danderine. Real surprise awaits you.

### BURLEY SOCIETY

### SUIT IS ON TRIAL

Eshelby Case Comes Up In Judge Howard Hollister's Federal Court at Cincinnati.

Cincinnati, Jan. 4.—In the case of the E. O. Eshelby Tobacco Company, of Cincinnati, against the Burley Tobacco Society, of Kentucky, before Judge Howard C. Hollister, of the Southern District of the Federal Court, here Wednesday the time was chiefly taken in the selection of a jury, the statements of attorneys of both sides as what they expect to prove and the examination of Secretary J. M. Rankin, as to the organization and purposes of the Burley Tobacco Society.

The Eshelby suit, as is generally known, is a suit for damages against the Kentucky association of tobacco growers for the sale of the 1907 crop tobacco at Winchester, at a price which the plaintiff claims was unfair and an effort is being made to secure three times the amount of the cost of that tobacco under the Sherman anti-trust law.

### Officials Attend Trial

Present at the trial were President Clarence LeBus, Vice President A. L. Ferguson, Secretary J. M. Rankin, and Fred Stuey of the Executive Committee of the Burley Society. Edward S. Colton, of Cincinnati former partner of Governor Hammon, Judge Alex P. Humphrey, Louisville, John R. Allen, of Lexington, and D. L. Pendleton, of Winchester, attorneys for the defense. Lawrence Maxwell and A. C. Cassatt attorneys for the plaintiff; Assistant Secretary H. A. Wedder and Edward Clark of the Burley Society.

Judge Hollister said he would like to have the attorneys make every effort to finish the case this week. He fixed the time for beginning court at 9:30 each morning and said sessions would be allowed to continue until 5:50 with intermission for dinner.

### Rankin on Stand.

Secretary Rankin was examined by Attorney Maxwell and did not finish his testimony at the time of adjournment Wednesday.

Other witnesses for the Burley Society are President LeBus, Vice President Ferguson, Mr. Stuey, Mr. Vedder, Mr. Clark, Senator Claude M. Thomas, of Frankfort, Rhodes Thompson, of Georgetown, and Claude M. Williams, of Versailles, all of whom are here.

A meeting was held at the Sinton Hotel Wednesday night by attorneys and officials of the Burley Society in the interest of their case and they appear to be satisfied of a favorable outcome.

### Jury to Try Case Selected

The jury selected is composed entirely of citizens of Ohio, as follows: Edward Barner, storekeeper, Somerville.

Young Basser, farmer, Urbana.  
C. S. Hatfield, dealer in live stock Springfield.

James H. Dalie, retired contractor, Springfield.  
H. C. Jeremiah, hardware dealer, Tobacco.

### CURIOUS BITS OF HISTORY

PLENTY OF BEER BUT NO TOBACCO.

By A. W. MACY.

Beer and tobacco are supposed by some people to be on about the same footing, but a certain company in London 200 years ago did not seem to think so. It was the business of this company to look after the welfare of the emigrants who had gone out from the mother country to seek homes in the New World. In 1629 it sent over the good ship Talbot, loaded with provisions, clothing, etc., to the Massachusetts bay colony by the same ship the company sent a long list of instructions in regard to their conduct, telling them what they should and should not do. One of the things they were forbidden to do was to cultivate and use tobacco, "unless it be some small quantity for more necessity, and for phisick for the preservation of their health, and that the same be taken privately by antient men and none other."

## MEN OF SCIENCE HOLD MEETING

Prof. W. S. Anderson Tells Entertainingly of Work Done by Associations.

(By W. S. Anderson)

Perhaps a word about the meeting of the men of science in Washington last week may not be altogether uninteresting.

The American Association for the Advancement of Science, with its thirty or more affiliated societies, was in session during the entire week. The most eminent men of the nation, interested in science, were present. Each affiliated society had a place of meeting, and usually met in sections. That is, each separate society is divided into sections, and while a general session was occasionally held, most of the time was spent in the section meetings. This brought together a small group which discussed the very latest ideas pertaining to that section.

No attempt was made to get together at one meeting all the various societies. President Taft made two addresses to two societies.

I am interested in the work of the American Chemical Society and the American Breeders' Association. I attended some meetings of each of these organizations. The chemists met in ten divisions, the breeders in three. Dr. L. A. Brown, of Lexington, Ky., read a paper before the division of Pharmaceutical Chemistry on "An Improved Method of Assay for Aromatic Sulfonic Acid." He was elected vice-chairman of this division.

Dr. H. P. Talbot in one of the general meetings of the chemists read a paper on "Chemical Analysis." A part of his discussion attracted attention. It was his statements that the industrial chemist so seldom is able to make an accurate analysis, because he often lacks the mental view that only comes to a liberally educated man. He strongly urged this wider mental vision that is the result of training, and which enables a man to discover his own mistakes.

We visited the Bureau of Standards of the United States. In these laboratories every thing used by the United States Government is tested. I saw the apparatus for testing the tensile strength of materials, and the length of thread and twine, etc. Much work is also carried on of a research nature. It will be to this place that a sample of all material will go for approval that is used in our new Postoffice.

I am also interested in the work of the American Breeders' Association. The leading objects of this association are to determine the laws of inheritance in plants, animals and men; to devise better methods of breeding plants and animals; to promote the creation of improved forms or types; to devise ways of eliminating undesirable and weak traits from the net work of human descent. There is a plant section, an animal section, and an engine section. This last is now gathering data on human heredity, and is to my mind the most promising field for research work. We were, for example, shown the record of one family embracing 371 members. Four per cent of these were insane and fourteen per cent of them incapacitated for the usual work of a normal person. It is a family with a strain of insanity and feeble mindedness which is transmitted from one generation to another, a family unfit to populate a community.

The one man of all whom I saw that impressed me most was Dr. Graham Bell, of the Bell telephone; a man of commanding physical appearance and of gigantic intellect. He has been successful as but few men have been. His inventions, while enriching him, have enriched the world for more. He is still experimenting in his own peculiar field. But he has turned aside to found an institution to study heredity of deafness. He calls it the Volta Bureau. A large building with a fire proof section which is full of material which he

has gathered, or caused to be gathered, on deafness. He is the originator and present defender of that system of education for the deaf which teaches them to speak instead of using the sign language. The Engenies section had a very interesting meeting in this Volta Bureau.

## IN FAVOR OF A REPUBLIC

Four Thousand Imperial Troops Will Co-Operate With Government Troops At Lunehow.

Peking, Jan.—Four thousand imperial troops stationed at Chin-Wang Tao, the treaty port of the province of Chili, notified the Foreign Legations Wednesday that they are in favor of a republic and will co-operate with the Government troops at Lunehow, who took similar action Tuesday.

Three thousand Manchou imperial troops, drawn from the garrisons of Fao-Ting-Fu and Shih Wang Tao, have been ordered to Chin-Wang Tao and Lunehow to attack the mutineers if they do not submit.

Chao-Erh-Feng, formerly Viceroy of the province of Sze-Chuen, assisted by Manchou soldiers from Tibet, has captured Chengtu, the capital. Serious disturbances, however, continue throughout the provinces. All foreigners are reported to have left the city of Chung Kling.

## MAYOR LOOKED LIKE A CROOK

Young Chief Executive of Springfield Is Arrested in Dayton By Mistake.

Springfield, O., Jan. 4.—Although Mayor J. J. Miller has been in office but three days, he has decided to "scratch" Dayton from his calling list, because a detective was bent on arresting him there Wednesday, claiming that he resembled a noted crook for whom he had been ordered to be on the lookout.

Mayor and Mrs. Miller had just boarded a traction car for home when the sleuth entered, and, shaking hands with the Executive, remarked that he was wanted. Miller turned to his wife and told her that he guessed she would have to make the trip alone, as he was under arrest. Several women acquainted with heard the remark and in a chorus they said: "Why, he is our Mayor. What are you going to arrest him for?"

They were up and after the detective in a second. The sleuth was persistent, but stopped long enough to ask Mayor Miller where he lived and what he represented. He replied: "I live in Springfield and I represent the city." Then the thief-chaser wanted to know how he represented the city and Mayor Miller answered: "Why, I am the Mayor." As the sleuth hastened off the car he was heard to say, "Wow, how did I make such a mistake?"

## THREE BOYS AND A GIRL

Are Born to Mrs. J. Y. Bivens, Former Widow of Night Rider, Who Died in "Pen."

Hickman, Ky., Jan. 4.—There were born here Wednesday to the wife of J. Y. Bivens, in West Hickman, four children, three girls and one boy, all good-sized, strong babies.

This is the first set of quadruplets ever born in this vicinity, and people are flocking to see them.

The mother is doing nicely. She was before her second marriage the widow of Tom Wilson, one of the night riders of the Reelfoot Lake vicinity, who died in the Nashville penitentiary.

Mr. Bivens is 60 years old.
